

# EUROPEAN MASTERS OUTDOOR RECORDS 2014

## compiled by Ivar Söderlind, statistician of EMA

311214

I have worked with the European Records in almost 27 years (started in July 1988), Since June 2000, when I and the Swedish webmaster Åke Runnman started the EVAA/EMA Web Site, I have also compiled and reported the European Records on Web Site.

In 2012 we started the Data Base of the Championships Records in EVAA Website. I really believe that the Data Base and the EMA Record Team with me, Giusy Lacava from Italy and Mirosław Luniewski from Poland is a step in the right direction in pace with times.

I will as all my previous years as Record Statistician and after a delay, continue to report on the new EMA Web Site and send out my printable record lists with my comments to my contact friends some times a year, all with the aim to have the record list more complete. Please check the list given below and help us in the Record Team to make it more complete.

**In 2014 we have totally registered 50 European Outdoor Records (26 World Records). We also have 9 more results (a) which shall be ratified as European Records when all record documents are received and ratified by EMA.**

In 2013 we totally registered 45 European Outdoor Records (34 World Records), in 2012 80 European Outdoor Records (50 World Records) and 2011 49 European Outdoor Records (32 World Records).

In 2010 we changed in the Record Lists because of new equipments, weights, hurdles distances etc. In K70+ and M80+, 300m hurdles have been replaced by 200 m hurdles (hurdle height 68.6 cm). In the European Record Lists I will present both old records (in 300m hurdles) and the new records (in 200m hurdles). In K75+ the weight in shot put and hammer dropped from 3.0 kg to 2.0 kg and in weight throw it dropped from 5.45 to 4.0 kg. The old records in these throw events will be left up until it is better results with the new weights.

From January 2014 we also have new age factors for scoring of Combined Events (Throw Pentathlon, Pentathlon, Heptathlon and Decathlon). Age Factors have 2014 been conditionally calculated without any performances existing and are therefore adjusted and redefined: Hammer-Factor (new weight) for Age Category M80+, Hammer-Factor (2,0 kg/Women), Shot Put-Factor (2,0kg/Women) and Heavy Weight-Factor (4,0kg/Women) for Age Category W75+. Most records which are affected by the new age factors are now updated.

Observe that IAAF:s rules concerning the winds in Multievent competitions were changed in the congress at the World Championships in Berlin 2009 and the 4.0 m/s limit is not valid anymore! The only rule is the average of 2.0 m/s taken over all wind measured events. Remember when you report new Multievent Records to include the results for all the events and not only the points (see in the EVAA application).

"Zero control tests" are required for running up to 800 m (where electronic time is required). It means that the Record Application must be accompanied by an electronic photo of the gun shot that shows that the clock starts just when you see the mouth of the flame, ie, one must above all prove that the clock does not start later, which would provide for a better time.

When two or more results are noted in one age group and event the first noted result is the official record as it is missing some tasks for the second result. Only results with all tasks reported (Birth Date, Date and Place for the Competition etc) are approved as official records. For 100m, 200m, the short hurdle distances, long jump and triple jump outdoors only results reached with up to 2.0 m/sec are accepted (wind-gauge is definitely necessary). It must be electrical times (not manual) for records in 100m, 200m, 400m, short and long hurdles and from 2013 also for 800m.

We have noted if the European Records are Official World Records. Notice that EMA has decided that only events which are in the program for European Championships will be in the Record Lists (with exception of 3000m).

New records must be reported by EMA:s Record Application! Take copies of the application from the EMA Web Site and also send a copy of the result lists to me, preferable by mail as an attachment. If the European Record also is a World Record, I will inform the WMA Records Chairperson, for their approval.

Results from European Masters Championships - EMAC (Stadia/Non Stadia/Indoors) and results from WMA Championships are not necessary to report to EMA. We in the Record Working Group also have control over the results from international competitions sanctioned by IAAF or EAA and figuring in the IAAF and EAA Calendars. If IAAF and EAA accept results that are made in accordance with their regulations, we need no further checks.

\* = new records registered 2014

a) The record will be ratified when all record forms are received and registered by EMA

EVC = record noted in European Veteran Athletic Championships  
 WMA = record noted in WMA Championships  
 EC = record noted in European Championships  
 EMG = record noted in European Masters Games
